ABSTRACT

Stable, healthy, and resilient physicians are better equipped for the emotionally and physically demanding tasks of providing care, comfort and hope to patients. Notably, doctors who are proactive about their health more regularly discuss health promotion with patients. We posit that good mental health is necessary for the development and maintenance of those gratifying qualities of medical professionalism.

Introduction

One dimension of inequality between social groups, as defined by socio-economic status, age, gender and increasingly ethnicity, is the experience of ill health and access to health services (Ahmad and Bradby, 2008).

A Good Introduction :-

Importance of the expected results to the general inquiry. Extremely briefly depict the exploratory configuration and how it achieved the expressed destinations.

Materials

Survey method is adopted in this study, which is descriptive and associated in nature. This study explored the various dimensions of job satisfaction, psychological wellbeing and resilience of doctors.

A Good Materials :-

Materials may be accounted for in a different passage or else they may be distinguished alongside your systems. Inc or supplies that are not generally found in research centers.

Result

The correlation between Resilience and Job Attitude is 0.68 which shows positive and significant relationship between these variables.

A Good Result :-

Results are as per aims and objective and useful to further research.

Conclusion

Health care is a stressful profession and takes its toll at physical, emotional, and mental levels. To effectively care for other people you must take good care of yourself. Stable, healthy, and resilient physicians are also better equipped for the emotionally and physically demanding tasks of providing care, comfort and hope to patients.

A Good Conclusion :-

Thus, the research have wider scope for new academicians and research scholars.

HOW TO INCREASE API

Services for Associate Professor to Professor

- ★ Thesis convert into book. Publish in USA - 50 API Marks
- ★ 15 Articles from your Ph.D thesis - 150 API Marks
- ★ UGC Minor Research Project - 10 API Marks
- ★ UGC Major Research Project - 15 API Marks
- ★ Call for Book Chapter - 25 API Marks
- ★ 5 Seminar Paper presentation - 50 API Marks
(we organize)

REVIEWER COMMENTS

- The presentation is pertinent and hypothesis based.
- Sufficient data about the past study discoveries is displayed for perusers to take after the present study method of reasoning and strategies.
