ABSTRACT

Teaching has never been an easy task. Each faculty will have his or her unique style of facilitating concepts and practices in the classroom. But of age, though the methods employed to convey a Teacher training is one of higher training program in terms of all other faculties which are affiliated with education. The innovations and action is now taking more appropriate in this filed, many of the government resolutions have also been changed in favor of education process. We all know that the teacher proficiency have more updated on this age.
