## REVIEW OF THE ARTICLE

### **Personality Traits Of Juvenile Delinquents**

Rajendra N. Jadhav and Ramesh T Potdar

#### **Abstract:**

The title was clear and informative. The abstract was complete and essential details were presented.

#### **Introduction:**

Significance of the area under study mentioned clearly in Introduction. The term personality comes from the Latin word Persona which means masks used by actors on stage to perform particular character effectively. In short personality means the real individual and not the disguised individual. To compare personality traits of juvenile delinquents and normal adolescence was the objective of the study.

#### **Methodology:**

The author identified the research methodology separately and in detail. Purposive method of sampling was chosen for juvenile delinquents where as simple random method used for normal adolescence. High School Personality Questionnaire (form A) developed by S.D.Kapoor & Srivastava used as a tool for data collection.

#### **Data Collection And Analysis:**

Test consist 142 sentences. Average test retest reliability of the test is .82 where as validity is 0.67.

#### **Conclusions:**

Major conclusions of the study were, 1. Juvenile delinquents were less intelligent where as normal adolescence are more intelligent 2. Juvenile delinquents were adventurous where as normal adolescences are shy 3. Juvenile delinquents were uncontrolled where as normal adolescences are controlled.

#### **References:**

References mentioned were sufficient for the study. Add some additional references.

#### **Scientific Conduct:**

There were no instances of plagiarism. Ideas and materials of others were correctly attributed

#### **Relevance:**

The study was relevant to the mission of the journal or its audience. The study addresses important problems or issues; the study was worth doing.

## SUMMARY OF ARTICLE

No.		Very High	High	Average	Low	Very Low
1.	Interest of the topic to the readers	✓				
2.	Originally & Novelty of the ideas		✓			
3.	Importance of the proposed ideas		✓			
4.	Timelines	✓				
5.	Sufficient information to support the assertions made & conclusion drawn			✓		
6.	Quality of writing (Organization, Clarity, Accuracy Grammar)		✓			
7.	References & Citation (Up-to-date, Appropriate Sufficient)	✓				

## FUTURE RESEARCH SCOPE:

1. Mind-body Connection.
2. Mindfulness.
3. Multiple Personalities.
4. Obsessive-compulsive Disorder.
5. Short-term Memory
